ABOUT ME

I am a Junior Frontend Web Developer who has a passion for Web Development, one of my life mottos is "Don't rush the process, trust that big things need time" which means don't rush the process, believe that big things takes time.

WORK EXPERIENCE

Create a Landing Page

Freelancer

2022

I had the opportunity to create a website landing page for my sister, so that her tutoring services could be accessed via the internet.

Create a Landing Page

Freelancer

2023

I received an offer to create a landing page website for my client in Bali, namely AntCollaboration

Frontend Web

Freelancer

2022

I had the opportunity to collaborate with my friend, and I was in charge of creating the web interface and he created the backend. we create an online web course project.

Notes Web

Project for me

2023

I make notes accessible to everyone so they can write notes and save them so they can remember them later. ..
